

Rundell Hall Multi-Purpose Room Rentals

Maximum Occupancy: 24

- [Rental Fee](#)
- [Show Location](#)

The Rundell Hall Multi-Purpose Room (RH216) is used for various types of small meetings and trainings. Located on the second floor of Walter Rundell Hall, the room is configurable in a few different ways to accommodate different events. The typical set-up is tables in a square with chairs on the outside. However, renters can move the tables into a smaller conference table set-up or into a classroom/presentation set-up.

The Rundell Hall Multi-Purpose Room is equipped with a computer and projector. A microphone is not available for this room, but it is also not needed for a space this size.

Food is permitted in the multi-purpose room. Arrangements can be made through campus services for food and beverage needs, but outside catering is permitted, too. Custodial support charges will apply to any required cleaning beyond standard attention.
