

Text the Navigator

Text Now: 888.721.5767

Need help fast? Get instant responses to hundreds of Lee College questions with 24/7 text-based support.

Meet The Navigator, your on-demand, AI-powered texting companion. Whether you have a quick question, need help keeping track of important deadlines, or want to find the right campus resources, support is only a text away.

But The Navigator does more than provide answers. It checks in regularly, helps you stay informed, and connects you with the tools and services you need to succeed at Lee College. The more you interact, the more personalized the experience becomes, delivering guidance tailored to your needs and goals.

Wondering when The Navigator will text you?

During the first week of the semester, The Navigator will introduce itself with a welcome text message.

Throughout the semester, The Navigator will stay connected by reaching out approximately once a week. Messages may include wellness check-ins, important reminders, campus news, and occasional requests for your feedback to help enhance the student experience.

How can I Reach out to The Navigator?

Be sure to add 888.721.5767 to your contacts when you receive The Navigator's introductory message. From there, just send a text whenever you need assistance.

Whether you have a question, need help finding a resource, or want information about campus services, The Navigator is available around the clock. And if your question requires additional assistance, The Navigator will connect you with someone who can help.
