

Reverse Transfer

Unlock Your Future with Reverse Transfer

Take the Path Less Traveled and Earn More

Why settle for just a bachelor's degree when you can get more? Reverse Transfer is a unique opportunity for students who have transferred to a university before completing an associate degree. You can combine the credits earned at Lee College with the ones earned at your university to receive an associate degree while continuing your journey toward a bachelor's.

What's In It for You?

- **Boost Your Job Prospects:** An associate degree opens doors to more job opportunities and higher earning potential. (Holding an associate degree may provide an extra boost in many entry-level positions and the possibility of a higher salary)
- **Enhance Your Resume:** Stand out with an additional credential that showcases your commitment to learning.
- **Advance Your Career:** An associate degree is part of a step-by-step process that can help you climb the career ladder.
- **Marketable and Motivated:** Show employers your dedication to professional growth and stay on track by earning an associate degree while working toward your bachelor's.
- **Transfer and Earn Sooner:** You can transfer to a four-year institution early and start earning income while working towards your bachelor's degree.

How Do You Get Started?

1. **Opt In:** When applying to your university through ApplyTexas, choose to participate in Reverse Transfer.
2. **Send Your Transcripts:** Have your university send an official transcripts sent to Lee College.
3. **Contact Us:** Reach out to the Admissions and Records to complete the process.

Start your journey today, and make the most of every credit you've earned!
