University of Houston Next Program

[UH Next](#) is a 2+2 transfer program — two years at Lee College, where you will complete an associate degree, followed by two years in a UH College of Liberal Arts and Social Sciences bachelor's degree program — with assured admission for students who meet approved standards.

UH Next students have access to dedicated UH advisors and can accelerate their time to graduation, lower the cost to earn a bachelor's degree, and join a community dedicated to student success and belonging. Find more information and join UH Next on our website.
